pure.effective.innovative.

ABSOLUTE EFFECTS

problem solvers for every skin type

Everybody's skin has individual needs and requires an individual skincare regimen to obtain optimal results. Sometimes it is not enough to apply „normal“ creams and lotions in order to improve your skin and make it feel and look good.

ABSOLUTE EFFECTS are brand new cocktails of active ingredients with proven effectiveness, highly concentrated and free from fragrances, parabenes and mineral oils.

They are so effective and so pure that your professional beauty therapist also uses them together with the OXYJET pulsed oxygen pressure injection.

The new, intensively moisturizing and oil free consistency of all ABSOLUTE EFFECTS concentrates makes them the optimal problem solver for every skin type:

*pressure injected with the OXYJET at the professional practice-
applied at home day and night!*

ABSOLUTE EFFECTS

volume booster

- Fills up wrinkles from the inside out and tightens the skin with immediately noticeable and visible effect. Moisturizes intensively and regenerates the skin structure from the inside out.

Most important active ingredients:

Alaria Esculenta Extract:

Rich in amino acids, vitamins and mineral nutrients. Inhibits the age related decomposition of collagen and elastin and by that helps to keep your skin soft and tight.

Commiphora Mukul Extract:

Contains a rosin which is a very important component of Ayurvedic Medicine since hundreds of years. It acts against the degeneration of the subcutaneous fat tissue and by that fills up the skin from the inside out. Your skin becomes tighter, the lips gain more volume, wrinkles are smoothed out and the face contour is better defined.

Pullulan:

A natural saccharide which forms a tightening film on the face and by that cares for clearer face contours.

Eryngium Maritimum Stem Cells:

The sea holly is growing in an extremely scant environment and by that over thousands of years it has built up special protection mechanisms against dehydration., UV light and other damaging influences. It is rich in proteins, lipids, carbohydrates and mineral nutrients. The sea holly's stem cells boost the skin's regeneration and provide it with new power and energy.

Squalane:

Extracted from olive oil Squalane is very similar to the skin's own lipids. It protects the skin against moisture loss, makes it soft and supple and improves the structure of the natural hydro lipid film.

Application- with the pulsed oxygen pressure injection

- at home mornings and evenings under the daily skin care

ABSOLUTE EFFECTS

energy reload

- **Vitalising concentrate for a fresh, tight and youthful skin appearance full of energy, elasticity and tonicity. Moisturizes intensively at the same time and smoothes out fine lines of dryness. Optimal for women and men of every age.**

Most important active ingredients:

Liposomal encapsulated Oxygen:

Penetrates deep into the skin and provides it with energy, and by that stimulates the cell renewal, provides a smooth skin feeling and a fresh appearance.

Liposomal encapsulated Vitamins A, E and C:

Penetrate deep into the skin, stimulate the cell renewal, protect against the damaging effects of free radicals and firm the connective tissue, so that the skin appears smooth and tight.

Liposomal encapsulated Hyaluronic Acid:

Penetrates deep into the skin and by that builds up an optimal deposit of moisture. Provides the skin with elasticity, firmness and tonicity- over the whole day.

White Tea:

Rich with polyphenoles white tea protects the skin against the damaging effects of free radicals and by that prevents premature skin ageing.

Squalane:

Extracted from olive oil Squalane is very similar to the skin's own lipids. It protects the skin against moisture loss, makes it soft and supple and improves the structure of the natural hydro lipid film.

Application- with the pulsed oxygen pressure injection

- at home mornings and evenings under the daily skin care

ABSOLUTE EFFECTS

brightening corrector

- Improves irregular skin pigmentation, reduces skin irritations and improves the elasticity of the skin at the same time.

Most important active ingredients:

Vitamin C:

Magnesium ascorbyl phosphate is a radical catcher and skin lightener at the same time. The brown skin pigment Melanin is discoloured, so that the skin appearance becomes more regular after some time.

Vitamin B3:

Niacin amide refines the pores and also lightens dark coloration of the skin with an excellent skin compatibility. Additionally Vitamin B3 strengthens the skin barrier, improves the elasticity and reduces fine lines and wrinkles.

Pragmites Kharka Extract:

Calms the skin, acts against inflammations and protects against environmental stress factors. The skin gets an even appearance, an optimal supplement to the pigment regulating effect of the „brightening corrector“.

Poria Cocos Extract:

The extract of cocos mushrooms regulates the skin moisture and calms skin irritations.

Application- with the pulsed oxygen pressure injection

- at home mornings and evenings under the daily skin care

ABSOLUTE EFFECTS

sensitive balance

- Reduces inflammations and redness, increases the resintency of the blood capilleries and by that cares for a regular skin appearance. At the same time the skin is moisturized intensively and lines of dryness are smoothed out.

Most important active ingredients:

Acetyl Tetrapeptide-40:

The dermatological in-vivo-test shows first visible improvements of the skin redness after only 7 days. 28 days later the red areas become smaller and the redness fades significantly. It specially acts against the inflammatory causing Interleukines.

Escin and Butcher's Broom Extract:

Both stabilise the blood capilleries and by that prevent their typical dilatation and the following redness.

Extracts from Liquorice Root, Calendula, Centella Asiatica and Pomegranate Seed:

They calm the skin, reduce inflammations and care for a comfortable relaxed skin feeling.

Panthenol:

Boosts the skin cell renewal and by that accelerates the recovery of the stressed skin.

Liposomal encapsulated Hyaluronic Acid:

Penetrates deep into the skin and by that builds up an optimal deposit of moisture. Provides the skin with elasticity, firmness and tonicity- over the whole day.

Squalane:

Extracted from olive oil Squalane is very similar to the skin's own lipids. It protects the skin against moisture loss, makes it soft and supple and improves the structure of the natural hydro lipid film.

Application- with the pulsed oxygen pressure injection

- at home mornings and evenings under the daily skin care

ABSOLUTE EFFECTS

purifying control

- Reduces hornifications, regulates the oiliness and calms down inflammations and redness. The skin appears clear, fine and even.

Most important active ingredients:

Salicylic acid:

Acts against the excessive hornification of the impure skin, so that black heads and milia are opened after some time and the formation of pimples and pustules is prevented. Pores are refined gently.

Extracts from Mahonia, Sage, Schisandra, Rosemary and Plantago:

They act against bacteria and reduce the excessive oiliness of the impure skin. Inflammations and irritations are reduced.

Butyl Avocadate:

Regulates the hormonal imbalance of the impure skin and by that reduces the oil production of the sebaceous glands.

Aloe vera jelly:

Boosts the healing of pimples and pustules and at the same time supplies the skin with amino acids, mineral nutrients and moisture. Skin is prevented from drying out and regains a tender skin feeling.

Squalane:

Extracted from olive oil Squalane is very similar to the skin's own lipids. It protects the skin against moisture loss, makes it soft and supple and improves the structure of the natural hydro lipid film.

Application- with the pulsed oxygen pressure injection

- at home mornings and evenings under the daily skin care
