

CHRISTMAS WREATHS

I thought I'd bring you my favorite wreaths to help you with your holiday decorating this Christmas. If you want something different from the traditional spruce wreaths, here are some of my all time favorites.

ENJOY, AND HAPPY HOLIDAYS EVERYONE!

JUJU HAT

2

Looking for a statement? This is it! The Cameroon JuJu Hat is available in vibrant colours of orange, purple, pink, lime green, cream and natural pheasant. Great for the holiday season or all year round for a hit of colour and texture on your walls.

PHOTO WREATH

1

What a lovely way to display old photos of family members and have them with us during the holiday season. So simple to create, and so elegant looking. I have one that I use every year that holds my Christmas Cards – I love it! Paired here with a natural arrangement and simple white boxes, perfect!

PEACOCK FEATHERS

3

Peacocks naturally shed their feathers, so this is a renewable resource. So delicate, so colourful, so spectacular! Very easy to make, dress with your favorite ribbon, but bring it inside during a snow storm – these feathers don't weather well.

PINE CONE WREATH

4

Love the warmth and texture of this wreath – its weather proof too! Looks lovely indoors or out, nice neutral addition to your home.

BALLET SHOE WREATH

5

Want something unusual yet fits your families personality? Think outside the box, what can you use to make a personal wreath. This ballet shoe wreath was made for a family of dancers – how amazing is that!

SILVER BELLS

6

Classic – this will never go out of style. The Christmas bell wreath in gold, silver, brass, or copper, large, small, always delightful. Love the addition of the silky bow at the bottom

TWIG AND MIRRORS

7

Don't like to change out your artwork over the mantle? The twig and mirror is perfect for you. Simply add your Christmas decorations and candles around the hearth for the holidays – as you can see here, it works beautifully without the embellishments too.
