## SAT – Satellite Products

### SAT- Satellite Products

Perkins Manufacturing now offers a new way of optimizing trash collection, with an inexpensive, low maintenance, multiple configuration, the "SAT"-Satellite Unit. The SAT Unit offers a wide variety of configurations, to not only best fit your usage of it, but also to fit onto a truck your business already possesses. From as small as a 3-Yard capacities to large 10-Yard capacities, with the ability to either mount into the bed of a Pick-Up Truck or directly to the chassis of a bed-less Pick-Up Truck. Continue below to see the various units we currently offer, or contact your [regional sales representative](#) to learn more about how your company can benefit from the Perkins SAT Unit.

**Perkins manufactures the solutions you need. If you don't see what you are looking for, just call us. Here a sample of our capabilities:**
