

August 1, 2020 Update: We hope that you and your families are safe and healthy. We appreciate your support of York Mills Hockey Club. We look forward getting back on the ice.

Given that on Friday July 31, 2020 the Ontario Hockey Federation released its stage 3 return to hockey plan, which coincided with the city of Toronto entering into the provinces stage 3 opening strategy on the same day, we are optimistic that we will have a hockey season this fall.

Repeat of our July 1 communication follows with a few updates:

Many of you are asking what YMHC's plans are for the 2020 house league season.

In order for YMHC to confirm our intentions for the 2020 season a few things must happen:

- The City of Toronto and the GTHL must announce their "Return to Play" protocols. *At this time, we anticipate that the GTHL and the City will announce their "protocols" in the next few weeks.* We will advise you when this happens.
- YMHC must then review these guidelines, implement required procedures, and then complete the registration process.
- Based on the timing of these announcements and the number of registrants YMHC will then make final decisions about the start date and length of the season, finalize our divisional structure and general schedule.

Payment Option Reminder: For those of you that have paid your 2020 registration fees in full – thank you. For those of you that paid using the tranche option this is a reminder that you were charged a \$25 initial payment with the balance of payments charged automatically to your credit card on the 1st of July, August, and September.

If YMHC is not able to offer a full season of play, we will issue full or applicable refunds based on the length of the season.

YMHC intends to offer our annual Used Equipment Drive and Apparel program, subject to the above.
