

CO2 GRO Inc. is Pleased to Announce Rose Marie Gage Director, Awarded the Woman of Inspiration™ Integrity Award for 2021

TORONTO, ON – November 22, 2021 (ACCESSWIRE) – Toronto based CO2 GRO Inc. (“**GROW**”) (TSXV: GROW, OTCQB: BLONF, Frankfurt: 4021) is pleased to announce that independent director and Chair, Environmental, Social and Governance Committee, Rose Marie Gage has been awarded The Woman of Inspiration™ Integrity Award for 2021.

The Woman of Inspiration™ awards recognize women who lead, inspire, and motivate others to be more and do more! We are role models who take the road less travelled and pave the road for others to follow in our footsteps and use our voice to make change. We are catalysts for change and serve as inspiration to DREAM BIG!

The integrity award represents that “Belief is a powerful engine. This Woman of Inspiration believes so strongly in the outcomes she seeks that her beliefs mold the path she is taking to get there. Her integrity channels her actions seeking justice and change for all”.

John Archibald, CEO commented “Since joining CO2 GRO’s Board of Directors, Rose has brought extensive public company experience to our Board, making invaluable contributions in all areas including driving all aspects of CO2 GRO’s ES&G commitment. We are grateful for Rose’s continued work on behalf of CO2 GRO and our shareholders and I look forward to many years of working with Rose.”

About CO2 GRO Inc. [CO2 GRO Inc.](#)

CO2 GRO's proprietary CO2 Delivery Solutions™ technology is revolutionizing the global 600 billion square foot protected agriculture industry (Cuesta Roble 2019). We create a dissolved CO₂ solution that when misted onto plants provides growers that cannot gas with CO₂ the opportunity to increase plant yields by up to 30% and profits by up to 100%. Applying dissolved CO₂ also suppressed the development of pathogens such as *E.coli* and powdery mildew, helping to reduce crop losses. CO2 GRO's CO2 Delivery Solutions™ is protected by a suite of patents and patents pending.

The worldwide market for CO2 GRO's disruptive CO2 Delivery Solutions™ technology is the 50 billion square feet of greenhouses and 550 billion square feet of protected agriculture facilities (Cuesta Roble 2019). Growers can maximize revenue and profits with our systems' low fixed and variable costs and ease of systems installation.

CO2 GRO's management is rapidly expanding its international marketing partner relationships into Mexico, Spain, the EU, the UK, South Africa, the Middle East, South East Asia and Latin America as well as in its North American base.

CO2 GRO is committed to good Environment, Social and Governance (ES&G) policy and practices. We are an equal opportunity employer of choice and opportunity.

Our mission is to accelerate the growth of all value plants safely, economically, naturally and sustainably using our patented advanced CO2 Delivery Solutions™ while accreting value to our customers, stakeholders and shareholders.

Forward-Looking Statements

This press release contains statements which constitute "forward-looking information" within the meaning of applicable securities laws, including statements regarding the plans, intentions, beliefs and current expectations of the Company with respect to future business activities. Forward-looking information is often identified by the words "may," "would," "could," "should," "will," "intend," "plan," "anticipate," "believe," "estimate," "expect" or similar expressions and include information regarding: statements regarding the future direction of the Company; the ability of the Company to successfully achieve its business and financial objectives; plans for expansion and the ability of the Company to obtain, develop and foster its business relationships; and expectations for other economic, business, and/or competitive factors. Investors are cautioned that forward-looking information is not based on historical facts but instead reflect the Company's management's expectations, estimates or projections concerning the business of the Company's future results or events based on the opinions, assumptions and estimates

that management considered reasonable at the date the statements are made. Such assumptions include but are not limited to: general business and economic conditions; the Company's ability to successfully execute its plans and intentions; the availability of financing on reasonable terms; the Company's ability to attract and retain skilled staff; market competition; the products and technology offered by the Company's competitors; and that good relationships with business partners will be maintained. Although the Company believes that the expectations reflected in such forward-looking information are reasonable, such information involves risks and uncertainties, and undue reliance should not be placed on such information, as unknown or unpredictable factors could have material adverse effects on future results, performance or achievements. Among the key factors that could cause actual results to differ materially from those projected in the forward-looking information are the following: changes in general economic, business and political conditions, including changes in the financial markets; in particular, in the ability of the Company to raise debt and equity capital in the amounts and at the costs that it expects; adverse changes in applicable laws or adverse changes in the application or enforcement of current laws; the biotechnology industry and the greenhouse growers market are highly competitive, and technical advances in the industry will impact the success of the Company, and other risks described in the Company's filings that are available at www.sedar.com. Should one or more of these risks or uncertainties materialize, or should assumptions underlying the forward-looking information prove incorrect, actual results may vary materially from those described herein as intended, planned, anticipated, believed, estimated or expected. Although the Company has attempted to identify important risks, uncertainties and factors which could cause actual results to differ materially, there may be others that cause results not to be as anticipated, estimated or intended. The Company does not intend, and does not assume any obligation, to update this forward-looking information except as otherwise required by applicable law.
