

Emergency Showers

Section 24 of the Alberta OHS
Code states:

"If a worker is present at a work site where chemicals harmful to the eyes or skin are used, the employer **MUST** ensure that the worker has immediate access at the work site to emergency baths, showers, and eye wash equipment."

- Compliant to ANSI/ISEA Z358.1-2014 standard
- Designed to exceed all applicable codes, standards and certifications
- Constructed of welded steel and include emergency eyewash, shower, and drench hose systems
