

## **Snow Removal:**

**Residents, please follow the following safety guidelines for you and your guests.**

**Please exercise caution when walking on the sidewalks and driving in the parking lots during a snow or ice storm. Use extra caution while walking on stoops, pathways, stairs, sidewalks and the parking lots during and after snow removal work as they will be slippery.**

**Be patient and stay indoors during a bad storm as the roads will be dangerous.**

**Please realize that “freeze/thaw” conditions may make these areas dangerous even after we initially treat them.**

**Stay clear of all snow removal equipment while in operation by our staff or contractors while our crews are attempting to clear the snow.**

**All residents and children are advised not to climb, walk upon, play on/ in the accumulated snow piles.**

**Kindly move your car to facilitate parking lot snow plowing, if possible.**
