OVERVIEW

The program is designed for mining company executives, in-house counsel, arbitrators and arbitration practitioners interested in the key issues that arise in mining sector arbitrations. Highlights include an extraordinary faculty of global experts in the field, focusing on, inter alia:

- Key contractual clauses and other protections in mining industry contracts
- Everything a mining company needs to know about investment treaty protections
- Preparing for and navigating an arbitration case
- Quantifying damages in mining arbitrations
- Addressing ESG issues
- Environmental issues in mining arbitrations
- Debate on the role of international rights and remedies in promoting cross-border investment
- Young ITA Roundtable sessions on excellence in cross-examination and oral argument
- Welcome Reception at Arbitration Place
- Conference Dinner at Pink Sky
