

# What's Protecting Your Fire Assets ?

Our patented technology has turned the old plastic bag into a revolutionary design which makes the fire extinguisher easier to locate and use, while providing superior protection and affordability.

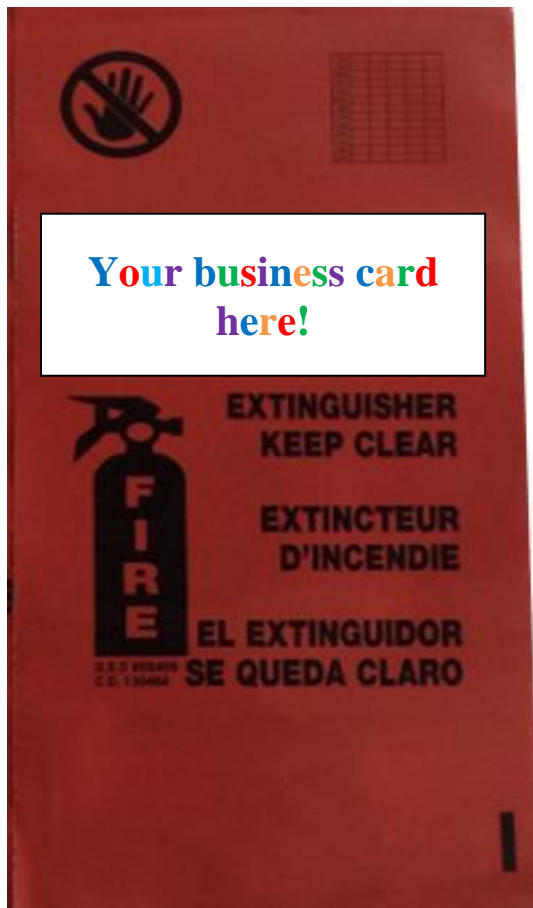

## NFPA 10 Standard for Portable Extinguishers

6.1.3.7 Fire Extinguishers installed under conditions where they are subject to physical damage (e.g. from impact, vibration, the environment) shall be adequately protected.

The signage on our covers can be customized to display your service company details - so whenever your clients walk past an extinguisher, or use it, they instantly know who to call for replacements.

**It's like putting your business card in your clients' hands every day.**

Our precision templating ensures your company's identity will stand out clearly and permanently. It won't rub off or fade over time. This creates a lasting impression of your company's quality and reliability.

Our extinguisher cover hosts numerous innovations ensuring your safety, such as:

- ✓ **In-expensive**
- ✓ **Longer & Slimmer**
- ✓ **4 Available sizes compatible with all extinguishers - 5lb, 10lb, 20/30lb, & K/PW**
- ✓ **Encapsulates the entire extinguisher**
- ✓ **2 Year UV Protection**
- ✓ **Durable in all climates**
- ✓ **Add your company logo and / or related safety protocols**
- ✓ **Is not affected by rain, wind, snow and repels all industrial products such as fly ash, fertilizers, etc.**
- ✓ **Works with all fire extinguisher wall and vehicle brackets**
- ✓ **Keeps your inspection tag where it belongs – on the extinguisher.**
