

# Perforated Window Mesh

## One Way Window Graphics

We offer a selection of perforated window films that allow passers-by to view your message clearly while furnishing clear, unobstructed sight lines from inside your store or office. Whether you want our perforated window film for promotions, decorative accents, security, or safety, we have the exact solution for your needs. Our full line of perforated window film comes in exterior or interior applications. Exterior Window Mesh is weather resistant, and semi-permanent with a clear adhesive on backside. Interior Mesh is applied to the inside of the window with the image facing out. Both applications are easy to install and remove. Transforming Your Windows Into High-Impact Messages

Successfully promote your

products and services, let the

- good light in, keep costly and harmful UV rays out, and resist vandalism and break-ins.

Perforated window film provides

a great return on investment.

### **Key Benefits for Cost-Effective Service**

- Highly durable in both interior and exterior service
- Easy to install and remove
- Reduces heat and glare from the sun
- Enhances security and privacy
