Direct Deposit is the most convenient way to receive recurring deposits (i.e., pay, pension, government payments, etc.) with immediate access to funds.

- **The federal government:** Visit www.directdeposit.gc.ca for a Government of Canada Direct Deposit enrolment form and use your account information from the fields above to complete the form. If you do not have a cheque to void, have your local TD Canada Trust branch stamp the government enrolment form.
- **Your employer:** Provide your account information from the fields above to the payroll department of your employer or company pension provider.

A Pre-Authorized Debit (PAD) is an automatic withdrawal taken directly from your TD Canada Trust account by a company or financial institution that you have authorized.

- Call or visit the website of the company you wish to set up a PAD with to obtain their PAD Agreement. Follow the instructions provided using your account information from the fields above when completing the PAD Agreement.

*Note: If your billing company accepts Visa Debit in Canada (or Visa internationally) and you have the **enhanced TD Access Card**, setting up a PAD will be easier than ever! Simply provide them with the card's 16 digit number in place of the account information noted above.*

Reminder: If you are setting up a Direct Deposit or Pre-Authorized Debit to a Tax-Free Savings Account other conditions apply. Only the TFSA Holder may make contributions to the account. It is the responsibility of the TFSA Holder to ensure that no contribution exceeds the maximum permitted under applicable tax legislations. Penalty taxes may apply on over-contributions.
